As Mathematicians we will be learning …
- Place value and properties of numbers.
- partitioning in addition
- 2, 3, 4, 5, 8 and 10 times tables.
- fractions as numbers, finding equivalent fractions, placing fractions on a line, and on fractions as operators, finding fractions of amounts.
- angles, including right angles, measurement of turn, and the ° symbol; and on properties of 2D shapes and finding perimeters.
- rounding, mental addition and subtraction, and column methods of addition.

As Scientists we will be learning…

- to prepare and carry out simple fair investigations, collect evidence, record observations and draw conclusions.
- Change factors and predict the outcomes of investigations
- Test ideas using evidence from observation and measurement
- Know about the principles of magnets and magnetic and non-magnetic materials
- Know that forces can have direction
- Know that forces differ in size
- Know about the effects of friction

**Year 3
Spring 1 Term 2020
'Feel the Force'**

As Writers we will be …
- Studying and writing Greek myths and finding words with Greek roots
- Writing recounts
- Developing spelling strategies

As Artists we will be …
- Practicing our colouring and cutting skills
- Illustrating our work

As Athletes we will be…
- Practising tag rugby skills
- Practising gymnastic skills, looking at symmetry and asymmetry
- Developing our skills in gymnastics

As Musicians we will be learning…
- About reggae music
- To play percussion instruments

As God's children we will be learning…
- What God is telling us through Scripture
- About journeys and listening and sharing

As Computer Technologists we will be…
- Programming using Scratch
- Finding and fixing errors in programs
- Learning how to stay safe on the internet

As Design Technologists we will be…
- Using pneumatic systems to design a toy
- Making healthy food
