

# Year 4

## Summer Term 1 2020

### 'The Circle of Life!'

#### As writers we will be learning about...

- Writing a recount.
- Stories with humour – 'Mr Stink' by David Walliams.
- Nonsense poetry - limericks
- Assess the effectiveness of own and others' writing
- How to 'up-level' our writing using VCOP

#### As mathematicians we will be studying...

- The four operations
- Negative numbers
- Coordinates
- Data handling
- Fractions

#### As athletes we will be learning to...

- Develop our swimming skills (4B)
- Participate in athletics
- Continue to improve technique in racquet sports such as tennis
- Take part in regular exercise through running, cycling, dance, etc.

#### As computer technologists we will be...

- Using Scratch to create an on-screen prototype of a toy which has sensors and outputs
- Using logical reasoning to de-bug any issues

#### As scientists we will be learning about...

- The seven life processes
- Life cycles
- Habitats
- Food chains
- Classification keys

#### As technologists we will be...

- Designing and making a bird's nest

#### As musicians we will be...

- Studying the musical elements
- Learning basic notation
- Experimenting with tuned instruments such as keyboards and glockenspiels

#### As God's children we will be learning about...

- Hearing and living the Easter message of new life
- Building bridges by admitting wrong, being reconciled with God and each other
